

Central Park West Neighborhood Association

Our Vision and Goals Statement

October 2023

Vision:

Our vision is to utilize our shared resources to protect and promote shared core values of Beauty, Safety, and Inclusion.

Our purpose is to promote and foster a welcoming and inclusive community through civic participation of shared core values (i.e. Beauty, Safety, and Inclusion).

We will support this vision through partnership with neighborhood entities such as Waterstep, Shakespeare, the Old Louisville Neighborhood Council and its subcommittees, and the Old Louisville Brewery, et al.

Our vision includes a plan to protect green spaces (Beauty) through active civic engagement (i.e. tree plantings, neighborhood and metro cleanups); Improve the quality of life of neighbors by participation in block watches, "roll call nights" sponsored by local district law enforcement, and educational programs offered by local fire department (Safety); Promote a stronger sense of community with those that reside and work within the neighborhood by increasing communication in media and other public venues (i.e. website, social media, welcome packet, social events) (Inclusion).

Short-term Goals:

- 1) Build consensus on neighborhood priorities around shared values.
- 2) Provide fundraising opportunities for our community that support shared values.

Long-term Goal:

Create a Neighborhood Works Plan that is guided by the organization's Executive Committee up of the duly elected officers, who will implement the Neighborhood Works Plan to further the vision of the organization.
